

FOR IMMEDIATE RELEASE

Periodic Products Awarded Taiwanese Patent for Chelation Technology and Related Applications

Fort Lauderdale, FL – December 17, 2015

Periodic Products today announced that the Company has been awarded a Patent from the Intellectual Property Office of the Ministry of Economic Affairs in Taiwan, Republic of China (ROC). The Patent, No. I-495661, is for the Company's chelation technology, including its proprietary polymers and related plastics and fibers applications.

The Company now holds 18 international patents for its family of polymers.
