

# FOR IMMEDIATE RELEASE

## Periodic Products Inc. Receives *Top 50 Products* Accolades

Fort Lauderdale, FL – May 9, 2016

Periodic Products Inc. announced today that it has been selected as a *2016 Top 50 Products* winner for its **No-Drain Metal Stain Eliminator Kit**.

The designation was made by *Pool & Spa News*, a leading pool industry trade publication, and reflects feedback from readers, pool industry professionals and consumers. According to the publication, this year's award is especially noteworthy due to a significant increase in the number of products sold in the pool market.

The No-Drain Metal Stain Eliminator Kit is the first such product containing all components required for proper metal stain remediation in pools and spas. "In many ways, the Kit is the product of listening carefully to our customers' needs," explains David McLaren, Periodic Products' Vice President of Business & Product Development. "We're very pleased that the market has responded so positively."

This is the second *Top 50 Products* award the Company has received from *Pool & Spa News*.
