

FOR IMMEDIATE RELEASE

Periodic Products Awarded Chinese Patent for Plastics, Fibers and Related Applications

Fort Lauderdale, FL – March 30, 2015

Periodic Products today announced that the Company has been awarded Chinese Patent No. ZL201080029231.5 for its proprietary plastics and fibers. The patent, which is registered with the State Intellectual Property Office of the People's Republic of China, also covers all related applications of the Company's polymer technology.

The Chinese patent is the Company's 11th international patent for its family of polymers.

About Periodic Products

Periodic Products is committed to advancing a cleaner and safer global environment through the application of responsible science and breakthrough chemical technologies. Chelok® is Periodic Products' patented chelating technology, and gives Periodic Products' family of polymers the power to rapidly and permanently remove metals from water.
