

FOR IMMEDIATE RELEASE

Periodic Products Enters Licensing and Manufacturing Agreement with International Marine Aquarium Products Company

Fort Lauderdale, FL – May 9, 2014

Periodic Products Inc. announced today that it has entered into an exclusive licensing and manufacturing agreement with Two Little Fishies Inc. for its Chelok[®] metal chelation polymer technology in the marine aquarium marketplace.

Two Little Fishies is an international manufacturer of high-quality products for aquariums, water gardens and the aquaculture markets. The products from the new joint venture will be sold under the brand name Metasorb UHC[™], and will be available worldwide in leading aquarium and pet stores and through domestic and international distributors.

“We are excited about this new agreement with Two Little Fishies,” said Joseph Laurino, Periodic Products’ CEO and founder. “We are continually discovering unique and practical applications for our Chelok[®] polymer in new industries. The marine aquarium market represents the latest example of the potential uses and benefits of this technology.”

About Periodic Products

Periodic Products is committed to advancing a cleaner and safer global environment through the application of responsible science and breakthrough chemical technologies. Chelok[®] is Periodic Products’ patented chelating technology, and gives Periodic Products’ polymers the power to rapidly and permanently remove metals from water.
